1. Introduction

Our History

Castlemaine Circus Inc. is a not for profit organisation that was established in November 2013 in direct response to community demand. It has enjoyed a relatively rapid rise and growth to become an established not for profit organisation that supports the pursuits and passions of 200+ students in a weekly program of 20 classes. The establishment of Castlemaine Circus was driven by a small group of committed individuals with a broad range of skills. The establishment of the organisation's structure, the recruitment of trainers and the growth in participation rates in classes have placed Castlemaine Circus in a strong position as a provider of circus training in regional Victoria. The Circus aims to provide ongoing and accessible circus training and performance opportunities to the Central Victorian community.

'There is a growing regional circus culture and local circus community that is attracting a broad demographic of young people and community members. This culture is pushing the boundaries of circus as an art-form to create empowering outcomes, innovation and excellence.'

2. Classes and Enrolment

2.1 Classes

Castlemaine Circus continues to grow to meet the needs of the community. We aim to have our classes accessible to most skill levels and abilities. We work with families, community groups and schools to provide inclusive and stimulating classes and to meet the varying approaches to learning.

Where confidentiality cannot be guaranteed this will be clearly communicated to the relevant parties. We will treat all parties involved with respect and fairness at all times.

6.1 Dispute Resolution Procedures

- We encourage any person experiencing discrimination, harassment or bullying behaviour to raise the issue early. Firstly, you can raise the issue with the trainer. If necessary, the trainer may raise it with the person doing the bullying.
- If the behaviour continues, or if the complainant feels unable to speak to the trainer, they should contact the Class Coordinator / General Manager. The General Manager will provide support and ascertain the nature of the complaint and adopt a confidential, non-confrontational approach with a view to resolving the issue. If necessary, a formal investigation may be conducted by the General Manager
- On the basis of the findings, possible outcomes of a formal investigation may include, but may not be limited to a formal apology, disciplinary action, official warning, dismissal from employment or program participation

These privacy values are reflected in and supported by our core values and also reflected in this Policy, in compliance with the Privacy Act 1988 (Cth).
